DATASHEET TRANSLATION DEMO

Synthetic example for layout testing. These are not real device ratings.

Electrical Characteristics

Parameter	Symbol	Min	Max	Units
Supply voltage	VIN	6	30	V
Output current	IOUT	0.1	1.2	A
Switching frequency	FSW	100	500	kHz
Operating temperature	TA	-20	85	C

Read the source values alongside the translation.

Enable electronics mode to translate table headers and parameter descriptions.

Numbers, symbols, and units should remain unchanged.

Reading and export

You can navigate between pages while a document is being translated.

After translating every page, export Chinese or side-by-side bilingual PDF.
